#### **Topics for Discussion**

Kendres Lally, DDS Director of the Division of Investigations (DOI), explained the interagency system by which allegations of abuse and neglect of individuals with intellectual disability are investigated and the role the DDS DOI plays. She detailed the roles of the Office of Protection and Advocacy for Persons with Disabilities (OPA), the Department of Children and Families (DCF) and the Department of Social Services (DSS) in these investigations as well as the age-range of individuals each agency covers. Ms. Lally gave Council members information on (1) time-frames for investigations, (2) hearing rights for those accused, (3) differences in investigations between various settings both public and private, (4) the role of DDS Abuse and Neglect Liaisons, and (5) number of allegations vs. number of substantiations of abuse and neglect per year. She answered various specific questions posed by Council members.

Commissioner Morna Murray discussed the impact to DDS of the December 8, 2015 deficit mitigation bill (S.B. No. 1601) that passed in the legislature and was signed by the Governor. She detailed the specific

allotment reductions to DDS budget line items for both fiscal years 2016 and 2017. Commissioner Murray went on to explain that another set of funding holdbacks would be required of all state agencies to accomplish the \$93 million savings required of the Governor in the deficit mitigation bill. The specific impact of these holdbacks on DDS cannot be determined until the Office of Policy and Management (OPM) releases the details to each state agency. The Commissioner reviewed the department's plan to RFP seven public community living arrangements (CLAs) to convert to private provider CLAs. Also the plan calls for five residences at regional centers and the Southbury Training School to be consolidated and closed. Commissioner Murray responded to Council member's questions on both the deficit mitigation plan and the plan to convert CLAs.
